

# WANT TO SAVE \$\$ AND ENERGY?

Call to schedule an appointment for the no-cost **Moderate Income Direct Install Program** designed specifically for low and moderate income residents. We'll install no-cost energy efficient upgrades!

## HOW TO QUALIFY

(Must only meet **one** of the qualification criteria below)

### 1. INCOME

Meet MIDI income guidelines

*Moderate Income Direct Install Program Maximum Allowable Income Calculation Sheet Effective June 1, 2018 – May 31, 2019.*

Family Size	400%
1 or 2	\$65,780
3	\$83,120
4	\$100,400
5	\$117,680
6	\$134,960
7	\$152,240
8	\$169,520
9	\$186,800
10	\$204,080
Each Additional Person Add	\$17,280

*NOTE: Income limits for households with 1 or 2 persons are the same OR maximum 400% of Federal Poverty Level*

### 2. RENTER

If you are a renter then you qualify with a signed Program Participation Agreement.

### 3. LANGUAGE SPOKEN

Primary language is a language other than English.

### 4. COUNTY OF RESIDENCE

Reside in one of the following counties:

Alpine, Amador, Butte, Calaveras, Colusa, Fresno, Glenn, Humboldt, Kern, Kings, Lake, Lassen, Madera, Mariposa, Mendocino, Merced, Monterey, Nevada, Plumas, San Luis Obispo, Santa Barbara, Shasta, Sierra, Siskiyou, Stanislaus, Trinity, Tehama, Tulare or Tuolumne.

## WHAT TO EXPECT

### 1. APPOINTMENT

Schedule your no-cost in-home energy assessment at a time convenient for you.

### 2. ENERGY ASSESSMENT AND INSTALLATION OF ENERGY EFFICIENT UPGRADES

An energy advisor will provide an overview of the program, conduct an assessment, determine which energy efficiency upgrades you qualify for and install energy efficient upgrades in your home.

### 3. SEE YOUR RESULTS!

Receive a quarterly energy report outlining your energy usage and tips on how you can continue to save energy.

## NO-COST UPGRADES INCLUDE:

- Improve existing heating and air conditioner through:
  - Refrigerant charge
  - High efficiency motor
  - Time delay relay
- Install LED bulbs
- Smart Thermostat
- Install faucet aerators, low flow showerheads and thermostatic shower valves
- Energy efficient Tier II power strips
